Keep your eyes on the stars and your feet on the ground.

Weber County Library's Ogden Valley Branch is nestled in the heart of Northern Utah's Wasatch Mountains, minutes from three major ski resorts, Pineview Reservoir, a highly-rated golf course, and world class hiking and biking trails. Located approximately forty minutes from Salt Lake City and the road trip includes one of Utah's Scenic Byways, it is just far enough for a quiet corporate or government retreat, while not too far to require excessive travel time.

The Ogden Valley Branch is the perfect out-of-the-city getaway for your next informal meeting or event.
